Announcements

Clinical Trial Audits:

The Clinical Trials Financial team is conducting financial audits for UAHS Clinical Trials. This will provide an opportunity for Financial training for Clinical Trials as well as recovery for missing funds.

For more information please visit our **website**.

OnCore - Subject Management Training Sessions:

Subject Management Training Sessions occur the **first** and **third** Tuesday of every month. After completion of Edge and Advarra University Trainings you will be scheduled for the first session with available space.

Please check the **website** for updates and more information.

Summary Accrual Website Updates:

The **Summary Accrual website** has been updated. This includes revisions to the uploading process to **TicketCat** and an updated **accrual template**.

Accruals must be reported monthly, if there are no accruals this also needs to be reported.

Scheduling for PET & MRI Scans:

Please be aware of your subject's study windows if they require a MRI or PET and avoid having a protocol deviation.

PET Scheduling for any type of patient, clinical or research, is out **4-6 weeks.** The best advice is for study teams to schedule as far in the future as possible. With the single PET scanner and such a high clinical need, it will be hard for Imaging to guarantee that studies can meet the windows on short notice.

Please reach out to your designated **BH CRPD** with questions.

Banner Hospital Billing Update:

February 2024 bills have been reviewed and emails have been sent out to the corresponding UA Departments via UA Box Health. March 2024 invoices will be distributed by the second week of May 2024.

Additional resources available on our **website**.
